REVISTA LATINO-AMERICANA DE ENFERMAGEM

CALL FOR PAPERS: SPECIAL CALL FOR COVID-19 ARTICLES IN GLOBAL HEALTH CONTEXT

The *Revista Latino-Americana de Enfermagem* (Latin American Journal of Nursing - RLAE) invites the national and international scientific community to submit unpublished articles on **"COVID-19 in the Global Health Context"**.

RLAE is the official scientific dissemination agency of Ribeirão Preto School of Nursing at the University of São Paulo and the PAHO / WHO Collaborating Centre for Nursing Research Development and its mission is to publish results of scientific research in nursing and other areas of interest to healthcare professionals. Through this call of paper we expect to publish new scientific data in nursing research, as well as correlated areas, hoping to cooperate in this globally experienced tragic health crisis.

Category of articles: original and review articles (meta-analysis, meta-synthesis, scoping review, overview, systematic)

Evaluation process: peer review

Submission period: April 10th to July 31st, 2020

Approved articles: These articles will have priority in the continuous process of publication

Submission address: http://mc04.manuscriptcentral.com/rlae-scielo

Preparation of the article: Follow the "Instructions to the Authors" available at http://rlae.eerp.usp.br/

Submission language: Portuguese or English or Spanish
