Revista Latino-Americana de Enfermagem
Call for submission of unpublished articles for publication on the theme
"Digital health: nursing contributions"

The Revista Latino-Americana de Enfermagem (RLAE) invites the national and international scientific community to submit **unpublished articles** with the theme **"Digital health: nursing contributions"**. This call aims to disseminate health research evidence in the digital world, uniting the evolution of advances in informatics and technology in nursing and health with application in clinical practice, patient experience, and its social, political, and economic impact.

Investigations should bring contributions to clinical practice, teaching, and research in nursing and be linked to one of the following themes related to digital health:

1. E-health in nursing care
2. Information and communication technology for nursing care and education
3. Informatics in Nursing
4. Media and Social Networks in Nursing
5. Telehealth, telenursing as support for lines of care
6. Mobile Technologies in Nursing
7. Virtual Simulation in Nursing
8. Educational Technology and Accessibility for Nursing
9. Public policies to promote digital health in Nursing
10. Digital Literacy in Nursing

RLAE is a journal available in open access (SciELO, REV@ENF, and Portal de Revistas da USP) that publishes in English, Portuguese, and Spanish the results of nursing research and related areas by authors from different countries.
